I'm pursuing a meaningful career in children's media. I'm fascinated by the power of TV and interactive media to impact millions of people at once, and I hope to contribute to the production of playful, positive, and thoughtful media for children across the globe.

EDUCATION

Lesley University College of Art and Design
Cambridge, MA

BFA - Animation, Class of 2016

EXPERIENCE

Sesame Workshop, New York, NY
Animation / Design Intern

It was a dream come true to spend a summer at Sesame, where I worked in the Special Projects department designing and animating assets for an interactive language learning curriculum featuring some of my favorite Sesame Street characters.

Summer 2015

Lesley University, Cambridge, MA
Resident Assistant (RA)

As an RA, I served as a mentor and advisor to 20 residents. I developed and implemented programs to strengthen the community, enforced university policy and community norms, and advised residents on personal and academic issues.

Fall 2014 - Spring 2015

WGBH, Children's Media, Boston, MA
Intern

At WGBH, I worked most closely with the producers of 'Arthur.' Responsibilities included maintaining Arthur's web page and social media accounts, as well as replying to Arthur's fan mail.

January 2014

Lesley University Office of Community Service
Cambridge, MA
Graphic Designer

I have been a work-study employee at Lesley University's Office of community service for almost three years. I am responsible for the graphic design of posters and t-shirts.

Fall 2012 - Present

Camp CYJ Midwest, Waupaca, WI
Media Specialist, Counselor

I was directly responsible for the safety and well-being of between ten and fifteen 2nd Grade boys. My last year, I took on additional role as Media Specialist, where I prepared daily programs and activities introducing the basics of animation, photography, and film making.

Summers 2011 - 2013

FREELANCE / CLIENT PROJECTS

BimBam (Animation & Illustration, 2013-2016)

ELI Talks (Animation, 2014)

NCSY (Animation, 2014)

Storage Squad (Animation + Design, 2013)

DJ Mike Levitt Entertainment (Design, 2013)

TECH EXPERTISE

Software

Adobe Creative Suite, Microsoft Office, Google Apps, Anime Studio Pro, Audacity.

Basic Coding

HTML, Javascript, CSS, Visual Basic, ActionScript.
